Objective

Recent graduate with a bachelor's degree and a strong passion for software development. Proficient in programming languages such as JavaScript, ReactJS, HTML, and CSS, with hands-on experience in developing projects. Skilled in problem-solving and eager to apply technical knowledge in a professional environment.

Education

- **JSS Academy of Technical Education** 2023
BE - 8.34 CGPA
- **Mahesh pu college** 2019
Pre university
- **Sri Jnanavardhaka English School** 2017
SSLC

Skills

- React JS
- Javascript
- HTML
- CSS
- Bootstrap

Projects

- **Instagram Clone**
 - Developed a responsive Instagram clone frontend using HTML, CSS, and JavaScript, emphasizing attention to detail and user interface design.
 - Implemented features such as liking, commenting, and mobile responsiveness for a seamless user experience across different devices.
- **To-do List Manager**
 - Technologies used: JavaScript and ReactJS
 - React To-Do List Manager is a web application designed to help users keep track of tasks and manage their to-do lists efficiently.
 - Built using React, this project offers a user-friendly interface where users can easily create, edit, and delete tasks as needed.
- **Covid Vaccination**
 - Technologies used: HTML, CSS and Bootstrap
 - The COVID-19 Information and Dose Checker is a web-based project developed using HTML, CSS, and BOOTSTRAP.
 - This project serves as a valuable resource for individuals, communities, and healthcare professionals seeking accurate information about the COVID-19 pandemic and guidance on vaccine doses.

Soft Skills

- Communication
- Analytical thinking
- Teamwork

Certificates

- Certified on completing the Netflix clone using HTML, CSS, and JavaScript- Devtown
- Certified with AI tools - be10x
- Received a certificate of appreciation in grateful recognition of continuous learning- Devtown
- Web developer course (persuing) - Coursera
